The Honorable Larry Haler  
713 Jadwin Ave  
Richland, WA 99352-6027

Dear Representative Haler:

Thank you for supporting passage of Bill 2439 to increase access to adequate and appropriate mental health services for children and youth, and for including \$608,000 in the final budget for a Partnership Access Line (PAL) expansion pilot that will benefit constituents in your district. These are very important steps toward improving the health of children and adolescents across the State, and it was your diligent commitment to work through to agreement that made the difference.

On behalf of everyone at Seattle Children's, thank you for this achievement.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Sperring", written over a horizontal line.
